About Institution

Sri Ramakrishna Engineering College established in the year 1994 by the sons of Sri S.N.Rangasamy Naidu has grown into an eminent Institution of international standards to meet the challenges of the modern world. The College is permanently affiliated to Anna University Chennai and Certified with ISO 9001:2015. The Institution offers 11 Under Graduate B.E/B.Tech. Programmes and 8 Post Graduate M.E /M.Tech./MBA Programmes. The eligible Programmes in the Institution are accredited by National Board of Accreditation (NBA), New Delhi. The College has been awarded Autonomous Status to the courses by UGC and Anna University, Chennai since 2007 which has helped the Institution to design the curricula and syllabi to meet the requirement of the Industries.

The Institution is ranked amongst top 10 colleges in various surveys in South India and top 40 colleges in India. The college campus has an admirable infrastructure with all facilities and well-equipped laboratories. The college has also signed MoU with reputed industries and institutions to enable the students to gain practical knowledge and to develop latest technical laboratories and Centres of Excellence in the institution. The college provides industry focused training and placement with industry interaction.

"In digital era, privacy must be a priority. Is it just me, or is secret blanket surveillance obscenely outrageous? "

- Al Gore

About Cyber Security Research Group

The institution has a Memorandum of Understanding with Ariel University, Israel to collaborate in the domain of Cyber Security. The institution is a Member institution of National Cyber Safety and Security Standards (NCSSS) and Kerala Blockchain Academy (IITM-K).

The Department of Computer Science and Engineering and Information Technology have competent certified faculty in the cyber security domain who are involved in collaborative projects and are active members of Data Security Council of India (DSCI) and other societies from Global Academy.

The Departments offer Industry electives and One Credit Courses in Cyber Security and Blockchain. The Research Group also comprises students with niche skills and certifications in the cyber security domain. The research group has organized various cyber awareness programmes and outreach programmes to school students and women.
